

MME VAL'S REVIEW MAY/JUNE 2025

WORD FROM THE PRINCIPAL

May and June were packed with action at Mitchell! Talent show, Welcome to Kindergarten, district track meet, Sports Day, Year-End Concert, graduation ceremonies... we did it all! To top all that, many classes went on year-end field trips and had celebrations of learning for families, such as performances and fairs! This end of the year was a reflection of all the engaging learning that happened this year at Mitchell.

TRACK & FIELD

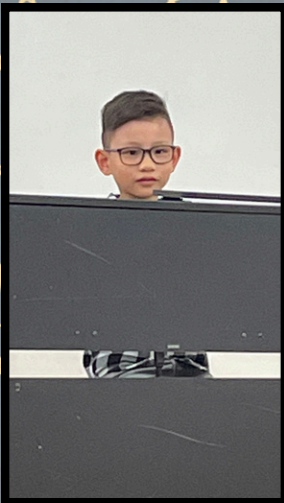

Students in grades 4 to 7 all got to participate to the district's zone 6 track and field meet at Minoru Park on May 26. We were very proud of our students who represented Mitchell well in all events, including short and long distance running, high and long jump, discus, and shot put. Everyone participated in at least one event, with many of our students participating in several, too! Thank you to all the teachers who coached students, and a big shout out to Mme Billinger, Ms. Kullman, Ms. Davidson and Mrs. Parmar for getting it all organized.

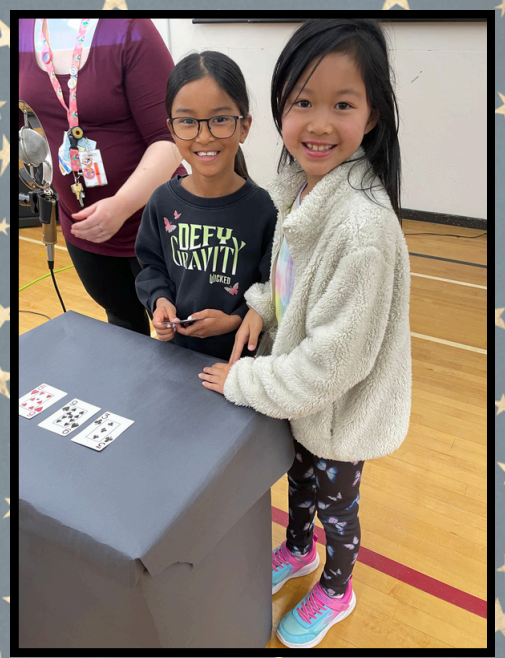

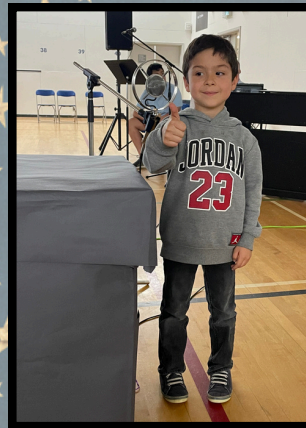

MITCHELL'S GOT TALENT!

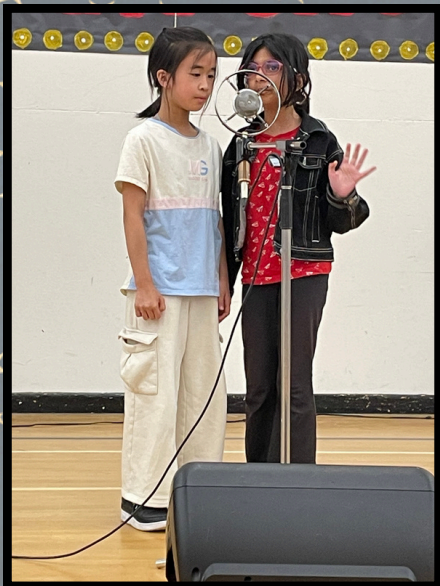

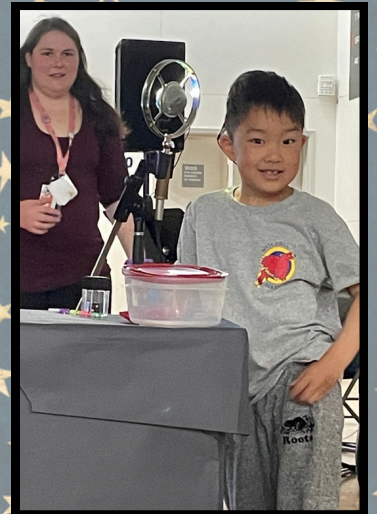

On May 27, students were invited to showcase their special talents with the Firebird community. This event lasted almost all day! Congratulations to all Firebirds who bravely shared their passions with us; you showed great courage and vulnerability and we are so very proud of each one of you. A big thank you to Ms. Sunstrum who organized the event and led all the auditions and feedback sessions, and thank you to her special staff crew who helped on show day! See pictures on the next few pages!
